

South African Gastroenterology Society (SAGES)**Attention:** Karin Fenton

10 May 2010

By e-mail

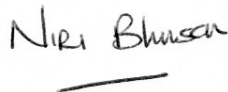

Dear Karin

We are pleased to announce that Discovery Health has revised its reimbursement status for Revellex® in Crohn's Disease. With effect from the 18th May 2010, Discovery Health will reimburse Revellex® through the Specialty Medicine Benefit (SMB) with **no member copayment**.

The usual application process for Revellex® using the required application forms will still be applicable and access to the SMB is restricted to members on the Comprehensive and Executive plans.

We would like to thank Schering Plough for their efforts in making Revellex® more accessible for Discovery Health members.

Kind regards

Niri Bhimsan
Divisional Manager – Clinical Policy Unit
